# Today's Forum

- John and Susan Tanner  
Fulfilling the Dream

# Scary Fast! M3

## Apple Event

Introducing the new MacBook Pro 14" and 16" and the new iMac.  
Now supercharged by the M3 family of chips.

# Today

- Project 1 Debrief

See the walkthrough video and solution code that I posted

A couple of highlights:

- Multithreading in the SoundPlayer

- Generic function for checking whether we have a set

- Bonus: let's use Swift's "automatic grammar agreement" ability
